Grading scheme

In the Spanish university system, modules/courses are graded on a scale of 0 to 10 points with the following qualitative equivalence:

0-4.9: "suspenso"; 5-6.9: "aprobado"; 7-8.9: "notable"; 9-10: "sobresaliente". A special mention, "Matrícula de Honor" may be granted to up to 5% of the students in a group provided they have got a "sobresaliente". To pass a module/course it is necessary to get at least 5 points.

In cases of recognition of ECTS, professional experience, cultural or sports activities, or student representation no grading will be recorded but, where appropriate, the word "Apto".

INFORMATION ON THE FUNCTION OF THE QUALIFICATION

Access to further study

This qualification gives access to Doctoral studies, provided that the student has completed a minimum of 300 ECTS in the overall teachings of Bachelor and Master.

Stated objectives associated with the qualification and professional status (if applicable)

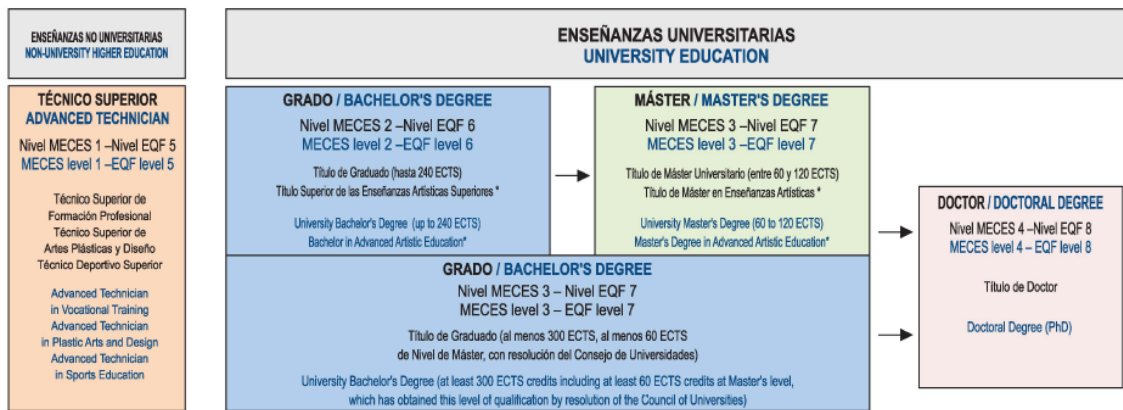

The main objective of this Master's Degree is to equip students with the philological methods and linguistic techniques for theoretical and applied analysis in the field of languages and linguistics, and to enable students to adopt the most appropriate approach in their research, in the analysis of data gathered and in its interpretation in the field of Applied Linguistics.

The main learning outcomes and competencies acquired are students completing this MA are expected to relate research and practice in the field of language teaching and learning; design an empirical research project under the supervision of a tutor in the field of Applied Linguistics; get to know and implement research methodologies in order to answer questions and hypotheses in their teaching specialty; innovate in the design of instruments and resources for the assessment of different individual and contextual variables that play a role in the acquisition of communicative competence; develop strategies to enable students to assess and enhance bilingual teaching programs, taking their own experience as well as previous research as a starting point; and, being able to analyze the information gathered, to find ways of improving language teaching and learning programs.
