### Grading scheme

In the Spanish university system, modules/courses are graded on a scale of 0 to 10 points with the following qualitative equivalence:

0-4.9: "suspenseo"; 5-6.9: "aprobado"; 7-8.9: "notable"; 9-10: "sobresaliente". A special mention, "Matrícula de Honor" may be granted to up to 5% of the students in a group provided they have got a "sobresaliente". To pass a module/course it is necessary to get at least 5 points.

In cases of recognition of ECTS, professional experience, cultural or sports activities, or student representation no grading will be recorded but, where appropriate, the word "Apto".

## INFORMATION ON THE FUNCTION OF THE QUALIFICATION

### Access to further study

This qualification gives access to Doctoral studies, provided that the student has completed a minimum of 300 ECTS in the overall teachings of Bachelor and Master.

### Stated objectives associated with the qualification and professional status (if applicable)

The main aim of this degree is the students acquire an advanced multidisciplinary training on the attitudes, abilities and skills necessary to undertake the management and administration of healthcare systems and services. The students will be able to develop their professional career according to the social demands and needs. In order to achieve this aim, each subject has a series of general and specific competences. These competences include knowledge, skills and actions related to strategy, instrument management, systematic action and personal development.

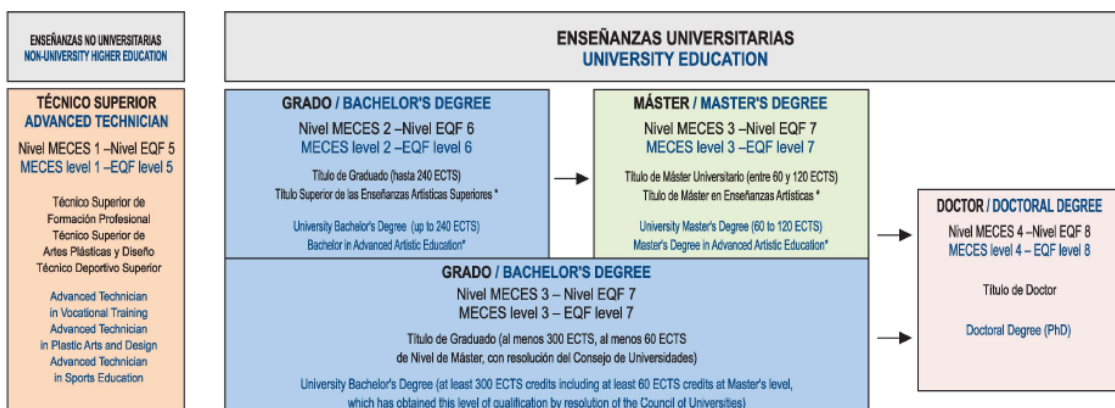

The main learning outcomes and competencies acquired are: Be able to characterize the elements of the socio-economic environment and its impact on healthcare services; be able to lead and use management instruments in healthcare centers and facilities; be able to run healthcare centers, clinical management units and projects; be able to design and evaluate the methodological basis for analysis and knowledge management.

### ADDITIONAL INFORMATION

The master is taught in collaboration with the Instituto de Salud Carlos III ([www.isciii.es](http://www.isciii.es)) through the National School of Public Health (Escuela Nacional de Sanidad). From 2010 this school has become a University Institute of the UNED (IMIENS) for better coordination of research, training and advisory projects. <http://www.imiens.es/index.php>
